As a mother of 2 children and a grandmother of 2 I know the special bond and joy that brings. My mother Matilda Grace only spent 3 years and 3 months of her life with you before you passed away at the young age of 31. Only recently after researching my family history I discovered that you were buried at West Terrace Cemetery. I visited your grave and placed a small pot of flowers on it. You have not been forgotten and feel sad that I never got to meet you. May you rest in peace. From your granddaughter Kerryn Sherrah Sept 2015.
