## I MISS YOU MY DEAR FRIEND

Posted by: Muppet, 24/05/2017

We were only friends for a short time, 13 months. But You helped me through so much. You were cheeky and sweet and I'll never forget those beautiful big blue eyes or that smile that could light up the darkest of moments. Without you I wouldn't be here. I have no photos as memories, they were taken from me. As were you. But I hold you so dear in my heart and when times get tough, I wish you were still here to pick up the pieces and help me through it. I Love you more than I ever got the chance to tell you. I miss you every day. Until we meet again my friend xxx
