John Randall - a little amount known

Posted by: Margaret Burdon, 14/10/2017

John Randall came from Newbury, Berkshire, England in 1853. His wife was Mary Ann Hall. He was a bootmaker and I think a publican in Adelaide. His father was William Randall, a silversmith and clockmaker with a shop in Cheap St Newbury. I believe the family had there ups and downs. His son was Alexander William Randall.
